## Traffic Light System: Fact Sheet 7

### Serving Food & Drink at Gatherings & Events

*Current as at 7 April 2022*

**Remember** If your church runs a café, you need to apply the rules for this activity. Detailed guidance on the rules for food and drink activities can be found at [COVID-19 Protection Framework — business.govt.nz](https://www.business.govt.nz/covid-19-protection-framework)

If you are operating as a **gathering** (eg. church services, activities and home groups), you can serve food and drink at all levels.

Operating as a gathering we **suggest**.

#### At Green

- No restrictions – You are back in the old days! (But perhaps more mindful of food hygiene.)

#### At Orange

- No restrictions, but be mindful of local COVID/Flu presence and perhaps move to seated and served as appropriate. Also be mindful of vulnerabilities – You might choose seated and served for a seniors gathering for example.

#### At Red

- Suggest **seated and served** for the service of food and drink. (And those serving wearing masks) Or serve outdoors without needing to be seated.
